President, Memphis Chapter, ACEC of Tennessee

Officers and Board Elected for Memphis Chapter of the American Council of Engineering Companies of Tennessee

Memphis, TN – Harvey W. Matheny, PE, associate at Kimley-Horn and Associates, Inc., has been elected president of the Memphis chapter of the American Council of Engineering Companies of Tennessee (ACEC of Tennessee). Also elected officers of the Memphis chapter, whose membership is comprised of more than 32 engineering firms, are president-elect **David C. Bradford, PE**, Smith Seckman Reid, Inc.; secretary/director **Tommy Dunlap, PE**, Burns Cooley Dennis, Inc.; and treasurer **Heather Kraus, PE**, Smith Seckman Reid, Inc. **Tim Verner, PE**, Fisher & Arnold, Inc., is immediate past president of the Memphis group.

Elected to serve as directors of the Memphis Chapter Board of ACEC of Tennessee are: **Claire Barnett, PE**, EnSafe Inc.; **David E. Canup, PE**, Canup Engineering, Inc.; **Steve R. Hooper, PE**, ETI Corporation; **Patrick W. Neal, PE**, Pickering Firm, Inc.; and **Ronald L. Thompson, PE**, Askew Hargraves Harcourt & Associates, Inc. (A2H).

The Memphis Chapter of ACEC of Tennessee sponsors and participates in a variety of educational events at area universities, colleges, and public schools to encourage interest in the engineering profession and support mathematics and science education. The organization also hosts membership meetings that feature speakers on timely topics of concern to the engineering community. In conjunction with other chapters of the ACEC of Tennessee, the Memphis Chapter participates in annual "Day on the Hill" activities in Nashville and Washington, D.C. and supports and promotes the ACEC scholarship and *Engineering Excellence Awards* programs.

Founded in 1968, ACEC of Tennessee is a statewide organization with chapters in Memphis, Nashville, East Tennessee and Southeast Tennessee representing more than 100 member engineering companies. ACEC of Tennessee is committed to the professional development of its membership and to increasing public awareness of the value of engineering.
